Dear Art:

When a former college marketing professor lists a business, what does he hope to receive from the broker? Answer: Exactly what we received from Arthur Barry & Co.!

From the outset, I was impressed with your analysis and valuation. Your packaging of the business created a very professional image, and your advertising was right on the mark. Furthermore, you delivered a qualified buyer within 60 days and stayed close to the transaction right through to the closing. I don't know what else one can ask for...

Thanks for the great service.

Best regards,

Walt Bader
