

# CONSTRUCTION CLEANUP

## Treasure Valley, Idaho

### THE BUSINESS

This construction cleanup company was established in 1999 and works with well established builders. The business revenues have decreased during the current housing downturn but it has weathered the storm and remained quite profitable even in the down market. This ability to keep afloat when most competitors have moved on to other business opportunities will make it stronger when housing starts are back to normal levels. Sales in 2011 are much better than 2010 as building is coming out of the recession.
